About Lincoln County Music Supply...

We are a family owned and operated music store specializing in band instruments and accessories. Steve Graham opened the Troy location in the fall of 1993 with a mission to serve band programs, students, and parents in Central and Northeast Missouri. Our staff is inspired to make musical dreams come true and believes that fall is the very best time of year because there is nothing quite like seeing kids’ faces as they choose their first band instrument. We work diligently to offer students the best new and used beginning band instruments in Missouri. They are clean, brand name, and director approved. Steve requires that every instrument we offer be one that a child - your child – would be proud to play. We balance this with the parent’s need for reasonable pricing. Our payment program’s flexibility is truly unique to the industry as it offers multiple payment options on each instrument. We know that one price does not fit all budgets. The instrument maintenance plan followed up by outstanding service ensures that beginning band - and band for years to come - will be a source of joy for your child and family. We hope to have the opportunity to serve you.

Why get your instrument from Palen Music Center?

We have a convenient location at 2609 East Broadway and expert staff ready to serve you. We offer lessons, accessories, repair, and more! We work closely with the Jefferson City faculty and know exactly what items your child needs...nothing more, nothing less. We even make weekly visits to the classrooms throughout the school year. Our mission is to help kids grow and succeed through involvement in music. We are here to help.

How does the rental program work?

Our rental program is simply month-to-month and what you are paying goes toward the purchase price. Our plan is 100% interest free, has no long-term commitment, and no hidden fees. We offer free loaner instruments if you send in a repair.

How much does it cost per month?

The monthly price ranges below include both new and lightly used instruments. The longer an instrument was used previously, the lower the monthly rent. All rental return instruments have been repaired, cleaned, inspected, and play tested by our expert staff. They are available as supplies last. For the best selection, act now and reserve your instrument! Monthly prices shown below do not include tax. Additional maintenance and replacement coverage can be added for a small fee. We look forward to seeing you soon!

Reserve your instrument before June 1, 2018 and you will get your care kit for FREE!
